#### Two citizens of Tabriz were killed today in the ongoing protests in Iran

25-year-old Aylar Haghi and 26-year-old Ali Iraqi were killed today in protests in the city of Tabriz in Eastern Azarbaijan province of Iran. When they fled from the repressive forces, they took shelter inside a building and were thrown down from the top of that building.

While the nationwide uprising in Iran has entered its third month, at least 36 people have been killed in the protests of the past 3 days. Human rights organization HRANA announced the total number of confirmed dead as of November 16 as 362 people and estimated that the real number is more than three times.
