The militants called her an Israeli soldier

During an attack on Israel, Hamas terrorists kidnapped and allegedly killed a German citizen. Shani Luk was identified by dreadlocks and a tattoo. **You can follow the chronicle of all the events of the war at this [link](#).**

Relevant information appeared on [Telegram](#). The footage shows how the militants brutally abuse the German woman (**to watch the video**, follow the [link](#)).

Luk is 30 years old. Hamas terrorists mutilated her, stripped her naked, and drove her in an unknown direction in their van.

In addition, the militants called her an Israeli soldier.

There is no official information on this matter. However, judging by the German citizen's social media, she came to Israel for a festival that coincided with the Sukkot holiday. The event took place near the border with the Gaza Strip.

As a reminder, on the morning of October 7, the 50th anniversary of the outbreak of the Yom Kippur War, [Israel suffered a massive, multi-layered terrorist attack](#).

As reported by OBOZREVATEL, after massive rocket attacks on Israeli territory, with many killed and wounded civilians, as well as captured and killed Israeli soldiers whose bodies are being abused by Hamas militants, the Israeli Defense Minister said that [Israel was declared war](#).

Later, the Israeli Defense Forces provided detailed information about a series of air strikes they conducted on the Gaza Strip over the past few hours. [The IDF says it has destroyed Hamas pockets and is moving toward](#) [Other News](#)
